Large Frame Bag	16'L X 13" Dia.	LFB

## Protective Pole Sleeves & Handling Straps

Our new center pole protective sleeves are the best way to protect your wood center poles from scratches, marring, dirt and incidental moisture while in transit to/from the job site and in storage. The sleeves are made of tightly woven nylon that resists incidental moisture and retains breathability. We also offer detached web strap assemblies that feature an easy grip handle which makes it much easier to distribute the weight of the pole across multiple installers. The sizes listed below are intended for use with ATF Engineered Wood Center Poles however custom diameters and lengths can be made by special order. Price is per linear foot.

Description	Product Code
4.5" Nylon Pole Sleeve	NPS4.5
5.5" Nylon Pole Sleeve	NPS5.5
Handle Assembly	NPS1INH

*Not intended for protection against heavy/direct moisture. Follow manufacturer's handling and care instructions for engineered wood center poles. Do not exceed 50lbs. per handle strap assembly.*
